

# GOD'S PROPHETIC WORD AND PROVIDENCES ON PSALM 35

## An Amazing Sequence of Events

The names of the individuals involved are listed below to create an accurate timeline (but other than that they are not important). The main focus is what the God of the Universe, the High King of Heaven is saying through this sequence of events. Will we believe Him and trust that He will answer our prayers and will we continue to pray that these things will be fulfilled?

Tell me what the Lord was telling you Monnie about Prayer250 where we are going to be praying America's Battle Psalm 35 on the 250 Anniversary, Saturday, September 7.

"I felt like the Lord was so pleased that He is going to **honor this Covenant** and that our Country should be taken back and that after this event there will be **massive uncoverings** that are going to come forth and its gonna **crush the gates of Hell**. Crush Them. Because the country is supposed to be taken back.

I don't know what's **going to be uncovered**, but its going to be **massive** because of the prayers that have gone up. **Uncoverings of corruption... Of Corruption**. I don't know what else... **evil**. **The evil things that have gone in our country**. I don't know if that will be through whistleblowers...or what's going to happen but there will be a **massive uncovering**, a **ripping off the darkness** over America is going to happen and its gonna **crush the gates of Hell**."

"[Prayer is our ultimate weapon](#) against **evil, corruption, and wickedness**, particularly when it has infested civil government. When personal enemies come against us, Jesus calls us to "turn the other cheek." However, when wickedness invades God's institution of civil government, designed by Him to "[restrain evil and encourage good](#)" (Rom. 13), then the Battle Psalm can be prayed.

When a [Battle Psalm is prayed](#), it is prayed with the hope that wicked individuals would first and foremost come to faith. Pending that time, we pray that their **plans would be thwarted, confused, or destroyed** and that **evil would be exposed** and truth would prevail.

If we use this metric, God is in fact **massively answering prayer** right now before our very eyes, as we have **never seen such evil, corruption, and wickedness exposed for all to see**. But we cannot stop praying. We need this **wickedness routed**, and we need truth and righteousness to prevail."
